

ASI Maintenance product lines are specific bacterial and enzyme blends available at bacterial concentrations at 3 billion CFU/g.

The product is packaged in 1 pound water soluble packets and sealed in 5 gallon pails with 25 pouches/pail.

SUGGESTED USE

The product can be introduced directly into lagoon once per month or gradually through flush tanks. This product will yield the best results when used in conjunction with ASI Hardware.

Flush tank/Lift Station Hardware Suggested Loading Rates

Flush tanks/Lift Stations should have 1 pound of ASI Maintenance per/tank/per/week depending on the severity of the sludge/barn solids problem. If there is more than 1000000 lbs Steady State Live Weight in the Primary Lagoon, treatments should be at least 1 pounds per/tank/per/day 2-3 times per week.

Standard Suggested Lagoon Initial Inoculation Rates

Incorporate 75 pounds of ASI Maintenance per million gallons of Lagoon Liquid and Sludge. If there is more than 1000000 lbs Steady State Live Weight in the Primary Lagoon increase rate to 112.5 pounds of ASI Maintenance per million gallons of Lagoon Liquid and Sludge. If lagoon has less than 3 feet of treatment zone below the stop pump elevation increase rate to 112.5 pounds of ASI Maintenance per million gallons of Lagoon Liquid and Sludge. Initial Inoculation can occur gradually over several weeks by introducing 1 pound packs into flush tanks, tank mix or directly into lagoon.

**A CONCENTRATED, DRY BLEND
OF STABILIZED BACTERIAL
SPORES AND MICRONUTRIENTS
IN INDIVIDUAL WATER SOLUBLE PACKETS**

ALL NATURAL – SAFE TO USE

Net Contents: 25 x 1 Pound Water-Soluble Packets

Sold By:

Mixing Hardware Suggested Loading Rates

Producers should introduce 37.5 – 75 pounds of ASI Maintenance per/month depending on the size of lagoon and the severity of the sludge buildup. If there is more than 1000000 lbs Steady State Live Weight in the Primary Lagoon, treatments should be at least 75 pounds per/month. Call Agriment Services Inc for suggested initial shock loading recommendations for each individual lagoon treatment 800-641-6981 or 252-568-2648

Equipment and Installation

Diagrams and Equipment Information is will be available from Agriment Services Inc. Agriment Services can perform all installs of corresponding equipment. (Distributor of pumps, diffusers, needed for equipment) 800-641-6981 or 252-568-2648

CAUTION

May irritate eyes. Avoid contact with eyes. Do not take internally.

FIRST AID

If In Eyes: Wash thoroughly with water.

If Swallowed: Give person several glasses of water and induce vomiting. Obtain medical assistance.
