Dear Mr. Kennedy:

We are writing this letter as a show of support/recommendation for the services provided by Agriment Services. We have been very pleased with your company's ability to perform USDA Environmental Assessments and navigate thru the new USDA approval process for environmental reports.

The 20+ projects we have worked with Agriment on have all moved thru the USDA approval process with no issues. We appreciate your professionalism and look forward to working you in the future.

Sincerely,

David O. Thigpen
